A PIECE OF MY HEART

BY SHIRLEY LAURO

Join us for an unforgettable experience at

The Avalon Theatre with **A PIECE OF MY HEART**, live-on stage!

The true story of six courageous American women sent to Vietnam and their struggle to make sense of a war that irrevocably changed them. Based on the author's interviews with real-life veterans, including those profiled in a book of the same name by Keith Walker, the play pinpoints significant moments in each woman's journey.

After the war, the women return to civilian life and must reconcile their need to serve humanity with the horrors they experienced during war. It is a piece about transcendence that deals with the themes of service, heroism, life, death, trauma, forgiveness, sacrifice, despair, depression, rejection, friendship and rebirth. A Piece of My Heart is a celebration of the women who served and sacrificed in Vietnam, the unsung heroes often overlooked in history.

Recommended for: High School Students
