Spookley The Square Pumpkin: The Musical tells the story of a square pumpkin living in a round pumpkin patch on Holiday Hill Farm. Shunned by the other pumpkins, Spookley is befriended by Edgar, Allan and Poe, three hilarious spiders who convince him that, square or not, he has a right to be the Pick of the Patch.

Encouraged by kindly Jack Scarecrow, Spookley tries his best, but he isn't sure he has what it takes until a mighty storm threatens Holiday Hill Farm. Spookley realizes it is up to him and his square shape to save the day. As a result, all the pumpkins in the patch learn that the things that make you different make you special.
